14<sup>th</sup> September 2016

### **The Relocation of Tipton St John School.**

Dear parents and members of the community,

At the meeting of the Full Governing Board of the Otter Valley Federation held on 12<sup>th</sup> September the Governors unanimously approved the following resolution.

‘Following an extensive review of opportunities and challenges for securing the long-term future of Tipton St John Church of England VA Primary School, the Full Governing Board of the Otter Valley Federation supports Devon County Council in developing and consulting on school expansion proposals (from 0.5 to 1FE) and for the relocation of Tipton St John Voluntary Aided Primary School to a new location on the west side of Ottery St Mary and all in accordance with the requirements of the School Organisation (Prescribed Alterations to Maintained Schools) (England) Regulations 2013.’

Therefore the proposal to relocate the school will be taken to the next phase of consultation.

The governors are grateful for your involvement in the meetings and conversations that we have had about the possible relocation of the school.

There are still many issues to address as we work to secure the future of the school and we shall continue to keep you informed and consult as matters progress.

Yours sincerely,

John Sherwood  
Chair of Governors, on behalf of the Governing Board
