**Notes:** Statistical significance for disadvantaged pupils is against the national for other pupils. Change in methodology or calculations is indicated by a dotted line. Quintiles for 2018 are based on adjusted progress scores. Previous years are based on unadjusted. Significance is only flagged for cohorts greater than 10. For cohorts of 10 or fewer, information is greyed out. # Reading scaled scores 2018

This chart shows the distribution of total marks achieved by pupils in the school compared to the national.

— National level — Not achieved expected standard — Achieved expected standard

Cohort = 14 One pupil relates to 7.1 percentage points.

In 2018, 100% of pupils achieved the expected standard, 25 percentage points above the national. This difference was not statistically significant.

**Notes:** The plotted national line is the national reading percentage multiplied by the school reading attainment cohort at each average scaled score interval. For further information on methodology see [www.gov.uk/government/collections/using-ofsteds-inspection-dashboard](http://www.gov.uk/government/collections/using-ofsteds-inspection-dashboard)

# Mathematics scaled scores 2018

— National level — Not achieved expected standard — Achieved expected standard

Cohort = 14 One pupil relates to 7.1 percentage points.

In 2018, 100% of pupils achieved the expected standard, 24 percentage points above the national. This difference was not statistically significant.

**Notes:** The plotted national line is the national mathematics percentage multiplied by the school mathematics attainment cohort at each average scaled score interval. ## Writing

## Mathematics

Expected+ % Greater depth % National for all pupils Other national

## Science

Expected+ % National for all pupils Other national

**Note:** 'Diff no' value shows the number of pupils that the difference between school and national represents, and is always rounded down to a whole number. Disadvantaged nationals are shown as all/other (other relates to pupils who are not defined as disadvantaged). For science the only outcome of the teacher assessment was whether pupils met the expected standard. # Year 1 phonics marks 2018

This chart shows the distribution of total marks achieved by pupils in the school compared to the national.

— National level  
 — Not achieved expected standard

Cohort = 16   One pupil relates to 6.3 percentage points.

In 2018, 94% of pupils achieved the expected standard, 11 percentage points above the national proportion. This difference was not statistically significant.

**Notes:** The plotted national line is the national phonics attainment percentage at each phonics mark multiplied by the whole school phonics attainment cohort. The expected standard for phonics is 32+.
